*Caring for and serving the
needs of Saratoga Area*

Come to the Saratoga Senior Center where we offer a professional shredding service for the community. We have teamed up with Shred-it, the world's leading licensed and bonded document shredding and recycling company, utilizing their cutting edge proprietary technology. This service is open to the public. Many local organizations and small at home businesses are beginning to use it, as well as individuals.

It is a great service, especially for anyone concerned about identity theft or privacy. It is very convenient for anyone tired of the slow and finicky nature of home shredders. Just drop by the Senior Center when doing errands or going to the Post Office and bring in your bag of shreddibles, with or without being weighed. We have a scale for your convenience.

Here are the specifics:

At the Senior Center close to City Hall (across from the main Saratoga Post Office)
